Looking for assistive technology (devices and equipment)?

askned.com.au

Search Indigo's Australian National Equipment Database (NED) for information about more than 15,000 different products including supplier details and product specifications and features.

Use NED to make informed choices about assistive equipment and technology options:

- The revamped NED site is accessible and easy to navigate
- Compare and purchase products.

Questions? Give us a call on 1300 885 886. We're happy to help with information and advice to help you maintain or improve your independence.
